

Sidem NV – Orderpicker/packer

Function

- In our warehouse in Gullegem, we prepare orders for customers from all over the world.
- Using clear orders and a scanner, you collect car parts at various locations.
- You use an order-picking truck which allows you to pick parts up to 6 metres high in a closed cabin.
- You will also help sporadically with packing and may learn other work positions over time.

Profile

- You enjoy working together as a team with colleagues. You help each other where necessary.
- You have a sense of responsibility, as you work in a fairly independent way.
- With our secure devices, you will easily go up to a height of 6m to remove parts from the racks.
- You speak and understand Dutch or English very well. You even speak several languages? A great asset!
- You enjoy being active and physically active.
- You will also help sporadically with packing and may learn other work positions over time.

Offer

- You will join a dynamic growth company operating worldwide.
- You will work in a two-shift system (05h00-13h15 / Mon-Thursday 13h15-22h00 – Friday 13h15-19h30).
- A competitive salary is provided (metal trade PC149.04 + shift premium 10%)
- You will be well trained internally by experienced colleagues.
